WEIGHT LOSERS — The three slimmer ladies shown above received top honors last Sunday at TOPS' (Take Off Pounds Sensibly) fourth annual picnic. Mrs. William Reid, left, above, accepted the first place trophy for Mrs. James Nielsen, right, below, who is vacationing. Susan Prevo, middle, won first place in the Tiny Tops division of the competition, and Mrs. Linda Ringler, right, of Lemon Grove, was a runner-up in the teenage category. Mrs. Anthony Mangano, San Diego and Imperial Valley TOPS captain, made the presentations.

Take Off Pounds Sensibly Is Creed

by Tom Gorton
News Editor

Has the state tilted even more since overplump women of S. California denuded themselves of more than 64,000 pounds of unwanted fat?

Tilt, or non-tilt, the group of women are taking off pounds sensibly and regaining, well, almost regaining, their girlhood physiques. That's what it's all about — Taking Off Pounds Sensibly, or TOPS. TOPS womenfolk in the Lemon Grove area have been reducing themselves and walked off with the TOP prizes of San Diego County and Imperial Valley.

Mrs. James Nielsen of the Lemon Grove TOPS Peelers peeled off 71 pounds in six months. Fantastic! For this stunning feat in fixing up her figure, Mrs. Nielsen, of La Mesa, became San Diego County-Imperial Valley TOPS queen last Sunday at the local organization's fourth annual picnic at El Monte Park.

Mrs. William Reid, also of the Lemon Grove TOPS Peelers, who has lost a total of 112 pounds in one year, accepted the trophy for Mrs. Nielsen, who was on vacation at the time.

Teen TOP

Helping the Lemon Grove Peelers to win TOP honors at the picnic Sunday was Mrs. W. Linda Ringler, a L.G. housewife, who was a runner-up in the teenage division of the weight reducing competition.

Mrs. Ringler lost 9 1/2 pounds and the winner of the local event slithered herself of 16 1/2 pounds of unneeded flesh.

Tiny Tops

They start 'em young in TOPS. And to prove it is Susan Prevo, 9-years-old, almost 10, who won first place in the Tiny TOPS division of the competition for reducing her weight by 5 1/2 pounds.

Some 45 women representing 41 TOPS clubs in the area competed at the picnic Sunday.

That may seem a minute figure when compared to all the excess weight lost in this area during the past year. In Southern California alone, Mrs. Mangano reported, 64,071 pounds disappeared from the physiques of TOPS members. No wonder we have a farm-surplus problem in this country.

Men Uninterested

Women, however, seem the only ones who have become guilt-ridden by overweight in our modern-day society of girls in bikinis and high hairdos.

Men, on the contrary, seem less self-conscious or guilt-ridden when it comes to eating and obesity.

"Men," says Mrs. Mangano, "just aren't interested in TOPS." "Men," she says do not want to join. But there are men in the organization," she claims. "The former national men's champion, Glenn Garner of Los

Mrs. James Nielsen
Weight Champion

Angeles, lost 79 1/2 pounds in one year," Mrs. Mangano said.

The only males in Lemon Grove TOPS who are weight conscious are two boys who belong to TOPS Summit Slimmeritas, which meets Tuesdays, 10 a.m., at 7150 Broadway, according to Mrs. Mangano.

There are 120 members who actively participate in L.G. TOPS Peelers — all women, she noted. The Peelers meet Tuesdays at 7:30 p.m. in the L.G. Medical center.

S.V. Clubs

Spring Valley has two TOPS clubs. The Good Lookers meet Mondays at 1 p.m. at Latter Day Saints Church in S.V. The Better Lookin' Babes (obviously for women and babies) meet Thursdays at 10 a.m. at Sweetwater Motor Lodge.

Members first weight-in at meetings. If they have gained weight they are "pigs" and have to sing a pig song; they are penalized by fine, also, according to Mrs. Mangano.

If they have lost weight they are honored. If you don't gain or lose you are a "turdle" — "you're not getting anywhere," she concluded.

Arson Strikes Radiator Shop

An unknown arson last Saturday morning at 3:30 set Rainbow Radiator Shop at 7368 Broadway, Lemon Grove, a flame.

Mrs. Paul H. Rogalla of 3445 1/2 Harris st. was awakened by her barking dog and discovered the fire when she looked outside.

Assistant Fire Chief Dixon said the fire was definitely arson, "a torch job". The arson poured an inflammable liquid on one side of the radiator shop and ignited it.

Sheriff's deputies discovered fresh tennis shoe tracks around the establishment.

CHAMBER TO DISCUSS INCORPORATION AT MEETING HERE

Incorporation of Lemon Grove will be discussed Tuesday at the regular meeting of the L.G. Chamber of Commerce, it was announced this week by Sam Pernicano, chamber president.

"The chamber will not take a stand," Pernicano said, "but we stand ready to act as a sounding board for those who want to be heard."

The meeting will be at El Morocco at noon as usual.

Coming community promotions, a meeting with new teachers of Grossmont high school district, and the establishment of a banner girls group to carry signs at public events will be discussed by the group.

Happy Birthday To Us

We're 17-years old today, thank you, and looking for new worlds to conquer.

THE LEMON GROVE REVIEW, from its plant at 7834 Lester ave., Lemon Grove, has many things to be grateful for since its emergence as a paid subscription newspaper.

The newspaper has grown in circulation to the point where it is one of the largest paid circulations of any strictly-weekly newspaper in the county. With its sister publication, the Spring Valley Bulletin, more than 10,000 families read the newspaper weekly. More than half this amount buys the Review.

It has a wall covered with plaques won in competition with newspapers both large and smaller than itself. The L.G. REVIEW won places in five areas of competition earlier this year in open competition of excellence with all other newspapers in San Diego County — the Union-Tribune being the exception.

It has a staff of loyal employees, all of whom are willing and anxious to serve its readers.

It owns its own home on Lester ave. And from that vantage point it observes, records, often criticizes but frequently compliments people and things that make up the community.

The newspaper, as it has been for the past dozen years, is under the ownership and editorship of Max Goodwin.

We wish ourselves a Happy Birthday today!

Variance Given For Gas Station

SAN DIEGO (CNS)—Permission to build a gas station on the northwest corner of N. Barcelona and Campo rd., in Casa de Oro closer than the standard distance from Barcelona was granted Friday by the County Planning Commission.

Gladys I. Cox and the Terra Del Corp. had applied for the variance.

Conelrad Changeover Starts This Month

The new national Emergency Broadcasting System (EBS) is scheduled to be in operation on Jan. 1, William B. Marty, county administrative officer for civil defense, said this week. The current system, Conelrad, will be cancelled Aug. 5, he said.

Meanwhile an Interim Plan for the EBS is to be placed in operation. The three current Conelrad stations in San Diego, KSON, KOGO and KCBQ, will continue to serve in the Interim Plan.

The noticeable change to the public will be that instead of reducing their transmitting power, interim emergency broadcasting stations will stay on full power. Also, instead of using frequencies 640 and 1240, each station will continue to broadcast on its regular frequency, Marty said.

All of their programs will be the same, originating at the County Civil Defense Center at Gillespie Field. No other AM, FM or television stations will broadcast during an alert period, the civil defense administrator said.

L.G. Men's Club To File Petition to Incorporate

Incorporation of Lemon Grove is feasible and a petition of intention to incorporate should be filed, was the report handed to the Lemon Grove Men's Club Friday by Frank Armstrong, chairman of the club's local government study committee.

The club approved the report.

Armstrong said the petition will be filed based on the boundaries of the L.G. school district.

Exemption Period

The filing of such a petition will exempt the petitioners from the new law, Assembly Bill 1662 for a period of ninety days.

Armstrong and his five-man committee were charged earlier in July with making the decision of filing the petition which since has been signed into law by Governor Brown.

He was appointed to head a new study group by Men's Club president Jack Cummings. He was also instructed to increase the committee to 12 or 15 persons and to inform the public fully on what the issue is.

'Veto Commission'

AB 1662 establishes a commission which would have to approve future attempts to form a city. Armstrong called it a "veto commission."

He said, "What is does is to set up a commission that deprives voters in unincorporated

areas of the right to vote on incorporation."

He said that Lemon Grove couldn't remain as it is under the new law. The pressure for annexation by adjoining cities would grow stronger and stronger.

Annexation Problem

"New laws will prevent the incorporation of new cities and future annexations will not be a matter of choice," he said. "The recommendation we are making will permit residents free choice and control, probably for the last time."

"Local control is extremely important because of the need for local planning and zoning. Several churches here have suffered recently because the control was remote."

Operating Funds

In the report showing incorporation being feasible, Frank Armstrong, chairman of the Men's Club study committee on self-government, reported:

●That \$250,000 to \$300,000 in sales tax money will be available for running a city.

●Additional operating funds, he said, would come from:

In lieu taxes
gasoline taxes
Business Licenses
Court fine and forfeitures
Building permits
Franchise taxes

●Cost of city government would be decided by a council yet to be elected. The cost of operation would be decided by the level of service provided.

Committee To Expand

Armstrong's committee consisted of Jesse Lee, a travel agent; Charles Buckles, a retailer; Ray Brehm, a realtor, and Dr. Frank Gigliotti, a retired minister. Armstrong is an attorney. He said he will announce the names of the members in the expanded committee this week.

The schedule of the informational program will be announced at the Men's Club regular meeting Friday at Michael's, Cummings said. Most of the program this week will be devoted to the project, he added.

For the time available, Lou Weiss, a representative of the United Nations Assn. of S.D., will discuss "America's Role in U.N." at the club Friday.

Ex-Con Slain After Beating Woman Here

A Lemon Grove woman who said she was beaten by a man who was an ex-convict, was shot and killed by a sheriff's deputy Thursday night.

The woman, Mrs. Helen Paik, 34, a divorcee, of 3760 Grove St., told officers that David R. Diaz, 30, of San Diego, had knocked her down in the doorway of the kitchen of her home soon after noon.

"I got the gun out of the cabinet. He came at me and I started shooting," she told the officers.

Diaz, an ex-convict, is reported by Mrs. Paik to have made amorous advances to her and that she repulsed him. She said that he started beating her, inflicting wounds on her face and wrists.

Sheriff's deputies said the quarrel stemmed from a battery complaint Mrs. Paik filed against him June 1.

Officers said that Mrs. Paik chased Diaz out of her house and fired at him several times with a .22 cal. magnum revolver. He ran across Grove st. from Mrs. Paik's house which is at the intersection of High way 84, zig-zagging down Grove st. south about 75 yards. He collapsed against a utility pole after one of the bullets hit him between the shoulder blades.

Cartridge cases were found in the drive of a beauty parlor about 100 feet from the Paik house indicating that she had followed him at least that far.

Diaz, bleeding from wounds in his back and his leg, died at Grossmont hospital at 2:55 p.m., about five minutes after being admitted.

Mrs. George Carson, who lives across the street from the Paik house at 3729 Grove st., said that she heard a noise like a firecracker and looked out her door to see Diaz running south, blood showing on his shirt where he had been hit.

Mrs. Paik's brother, Joseph R. Cardenas, 43, of San Diego, told police that Mrs. Paik telephoned him earlier at his auto shop.

"She was screaming and crying," he said.

Cardenas told officers that Diaz had beaten her on June 1, dragging her through the house in the presence of her mother, Mrs. Roma Squelgia, 81. He said Diaz dragged her to the garage, locked it and then beat her with his fists, kicked her, whipped her with a 6-foot length of rope and finally burned her with a lighted cigarette.

"He told her that he'd kill everyone in the house if she

didn't take him back," Cardenas said. "Then he left. If I'd found him I'd have killed him myself."

The same week on Monday, Diaz was arrested on an El Cajon Municipal Court warrant charging him with battery in connection with the June 1 beating. He posted bail Wednesday.

George Gray, 17, of 1005 Cristobal Drive, Spring Valley, was motoring south past the house when Diaz ran out. He told investigators he saw Mrs. Paik fire at Diaz at least once. He said he believed the bullet struck Diaz.

Records show many arrests for Diaz on a variety of charges. From 1954 until 1960, he was imprisoned at Chino for robbery.

Diaz was married three weeks ago. Cardenas said his sister quit dating Diaz about May 1. Diaz' bride, Soledad Garza Diaz, and nine sisters in this area survive him.

Business Is Better

While San Diego advertises itself as a "City in Motion" we've got a pretty good "on the move" coloration in our own communities.

For example, in Lemon Grove recently where the community underwent a Crazy Daze promotion, the reports from the business community suggested that the recession, if there was one, is over.

A quick check last week of some of the people involved in the project revealed that business is moving ahead at an amazing pace.

The B. F. Goodrich store racked up a 122 per cent gain against its quota for the highest percentage of gain of all the Goodrich stores in the 14 western states.

McMahon's Furniture store had a substantial increase in sales against the previous month, as well as against the same month the year before, according to manager Leon Bolton.

The Lemon Grove Yardage store reported the best July week on its record and the best week since before Christmas, said Leone Moore, the proprietor.

The Highlander Store for Men had met its month's objective by the 23rd. A phenomenal accomplishment!

The Dairy Queen reported a 25 per cent increase over the same period the year before; 20 per cent increase over the preceding week, and the best week of the year to date.

Brouillard Hardware reported one of the store's best days in recent history was the first day of the promotion. And finally, a rummage sale, put on in the former location of

Public Hearings On School Taxes Planned Tonight

Both the Lemon Grove and the La Mesa-Spring Valley School Districts will hold public hearings tonight to increase property tax rates for their 1963-64 operating budgets.

Lemon Grove School District trustees, meeting tonight at 8 p.m. in the education center, proposed an increase of \$1.99 over \$1.65 a year ago, after voters approved a tax override.

The La Mesa-Spring Valley School District, meeting at 7:30 p.m. in the district education center, proposed a budget of \$1.85 for each \$100 of assessed valuation, compared with \$1.70 last year.

The Board of Trustees of the Grossmont Union High School District and the Grossmont Junior College District will meet Monday, August 1, at 7:30 p.m. to discuss a tax increase from \$1.36 to \$1.47 for the high school district. The public hearing also will consider a decrease in the junior college budget from 35 to 33 cents.

It will be held in the district board room.

RECORD SETTER — Record sales, more than 120 per cent greater than the quota, were racked up last month by the B.F. Goodrich store in Lemon Grove. The store, operated by Donald Johns, right, beat all other Goodrich Stores in fifteen western states. Shown looking over sales performance reports with Johns is Sam Pernicano, president of the L.G. Chamber of Commerce. Johns, who is also president of the Merchants Division of the Chamber, together with Pernicano, are providing proof to Chamber and Merchants members that business is good. (See editorial elsewhere in this issue) Johns won a king-sized party for his staff and a trip to Akron for himself.

Promoters Trip on 'Red Carpet' Stunt

What the District Attorney's office described as a "statewide trail of unpaid employees and worthless paychecks" has culminated in the arrest on a five-count complaint of two men associated with a coupon merchandising scheme.

The men, free on bail, are Park Dana, 38, and Norman Hamilton, 41, listed as president and vice president of Q&E Advertisers, the D.A.'s office reported.

Many Lemon Grove and Spring Valley families bought the books and several local firms permitted their firms to be listed in them. The coupons are still being honored locally, it is believed.

The complaint alleges that the men paid telephone girls with bad checks in Escondido and Lemon Grove.

The men posted \$1,625 bail Thursday. Hamilton was arraigned Monday and Dana is scheduled to be arraigned Aug. 5.

Allegedly, worthless checks issued in Lemon Grove and in Escondido total \$134.96, Swinford said.

Complaints were recorded by the Better Business Bureau in San Diego regarding the coupon books which were sold by telephone for \$7.99 under a claimed value of between \$200 and \$600 each.

TRAFFIC OFFICERS—School safety patrol boys from Lemon Grove and Spring Valley were guests recently of the California Highway Patrol at Camp Palomar. The youngsters, part of the 395 safety patrolmen charged with traffic safety at school crossings in the unincorporated areas of the county, came from Lemon Grove elementary schools, St. John of the Cross Catholic church school in Lemon Grove and Santa Sophia Catholic church school in Casa d' Oro. The five day campout was the reward for serving two years

as patrolmen. California Highway Patrolman John Annis, of 7269 Waite dr., Lemon Grove, far right with back to camera, is officer in charge. The youngsters above, all from the S.V.-L.G. areas, hiked, swam, played ball, watched movies and ate 'til they had their fill. CHP Officer Annis said that the School Safety Patrol program was started in 1937 and that there had been no fatality of record at the corners guarded by the young patrol during that time.

Local Aid Seen In UCS Campaign

D. Ray Grable of Spring Valley will be included among several hundred leaders and volunteers of 75 United Community Service Fund agencies who will meet at 4 p.m. August 7 at the Stardust Hotel, Mission Valley, to set the fall campaign goal.

Grable is a member of the UCS Fund Board of Trustees.

The event will be an open meeting of the Board of Trustees, said Carl E. Hartnack, UCS Fund president. A reception will follow at 5 p.m.

"We expect to have an unusually interesting program that will point up the needs of our health, welfare and character-building agencies," Hartnack said.

Meeting of the Board will represent a culmination of the efforts of 17 budget panels, involving some 100 civic-minded persons over six weeks, to establish the agencies' goal inclusion figures for next year.

The panels' recommendations go to the General Budget Committee, then to the Agency Relations Committee for screening each year prior to reaching the Trustees and the goal setting meeting.

"Spring Valley and Lemon Grove communities have always supported the UCS fund and we believe that their continued support this year will help make the campaign a success," Hartnack said.

SEVERANCE PAY NOT WAGES SAYS STATE EMPLOYMENT

Hagen Christensen in charge of the San Diego Office, Department of Employment, said severance payments made by employers to workers leaving their employ will not constitute reportable wages.

A. B. Tieburg, state director of employment, recently ruled that any severance payment made by an employer to an employee, pursuant to a plan or system, normally is for the purpose of supplementing unemployment compensation benefits and should not be reported for unemployment and disability insurance purposes. If employers have reported severance payments in the past which would qualify as supplemental unemployment benefits, they may be entitled to a refund of contributions made on such amounts. Employers with questions on this point should direct them to the Department's Office at 1350 Front St., Room 1062 in San Diego.

L.G. Man To Serve on Demos Credential Team

Armando M. Rodriguez, of Lemon Grove, the Democratic Party's nominee for Assembly in the 77th district in 1962, has been named to serve on the Credentials Committee for the annual Democratic State Central Committee meeting in Sacramento next month. The appointment was made by Democratic State Chairman Eugene L. Wyman.

The Democratic State Central Committee, which is the official state-wide Party organization, will meet August 11 in the State Capitol in Sacramento. More than 1400 Democrats will participate in the meeting and will hear an address by Vice President Lyndon B. Johnson Sunday morning.

Rodriguez also will attend the Democratic State Convention on Saturday, which, by law, precedes the annual State Committee meeting in the Capitol. Wyman said the two days of

New Policy Set For Drug Store

Dial Drug store on Broadway in Lemon Grove is undergoing a policy change, it was announced this week by Dick Thompson, proprietor.

The store will become a limited lines, low margin operation August 5th, he said.

The new operation will reduce the inventory, the sales force, and the overhead expense. The savings will be used to mark down drug-store type merchandise to equal or be below discount house prices, Thompson said.

"We're getting out of the hardware and household items business. We're giving up power mowers and garbage cans. We're giving up Blue stamps, delivery service and clerks with overlapping hours.

We're going to operate a professional pharmacy with nothing but drug store type merchandise on an eight-hour a day, five-day-a-week basis," he said.

Meanwhile, a sale of other than drug merchandise is being held. After the sale is over the store will be open Monday through Friday only.

Thompson opened the drug store six years ago.

L.G. Teacher Takes Book Sales Prize

Robert J. McNeerney, of 1585 Primera st., a school teacher in Lemon Grove, was winner of a set of silver goblets recently in a World Book sales contest.

McNeerney has represented World Book encyclopedias in the Lemon Grove-Spring Valley areas for the past four years.

World Book encyclopedias, according to McNeerney, are the leading books of the type in this country and are guaranteed to correlate with all local school work from elementary through college.

The books are endorsed by all the educational institutions across the country, McNeerney said.

They are available on a low cost extended payment plan.

LAURA STEINBACH DIVES TOWARD HER MOTHER — Laura does it all the time now. Laura, who turned three last month, learned to swim in two weeks. Laura's mother, Paula Steinbach, began teaching her July 7. Mrs. Steinbach is a Red Cross Water Safety Instructor, who vowed "never to teach my own children," and "never to teach babies of three to swim."

"Every day," is Mrs. Steinbach's secret. "The children know they can't play. If they don't want to learn, they go home." Mrs. Steinbach teaches her three children in the pool at the Del Mero home, 3820 Pinto pl. The Steinbach home is across the street at 3811 Pinto pl. Mrs. Steinbach says that watching the older children swimming gave Laura trust of the water. "I never taught her to dive off the board; she just imitated the older children." Laura was never allowed to dog paddle, as getting the face in the water is the most important part of learning to swim. Laura now is learning to swim on her back.

New Promotion

Pat Hogan, of L.G. Western Auto store, was named chairman of the September Crazy Daze promotion of the L.G. Chamber of Commerce.

Appointed with Hogan by Don Johns, MD chairman, are Pat Grace, Ann Kiss, John Dail, Charles Buckles, C. Sarvis, M. Goodwin, Leon Bolton and Bill Vandenberg.

Deputies Disturb LG Drinking Bout

Two San Diego youths were booked at County jail last week on a charge of furnishing alcoholic beverage to minors.

Sheriff's deputies allegedly found the suspects, Daniel B. Peterson, 18, of 5320 Hewlett dr., and Gordon Stanley Jacobson, 19, of 5164 Remington rd., with two Lemon Grove girls at Thornton Mattress Co. in L.G.

The suspects allegedly were sitting on a pile of mattresses under which three quart beer bottles, one half full and the others empty, were discovered.

"Going Home"
Raymond Earl Ahlefeld, 28, of 1515 Presioca st., Spring Valley, allegedly told sheriff's deputies last Saturday night, "I'm right on my way home. I know I've had a few, but I'll get there."

Ahlefeld made the statement after being pursued by two plain clothesmen who apprehended him in a car chase. Sheriff's deputies arrested Ahlefeld on a charge of drunk driving. On the way to County Jail, deputies said, Ahlefeld tore the back seat of the patrol car, and a malicious mischief was added to the charge. He was given a blood-alcohol test.

False Alarm
The only thing that really got hot at Bancroft elementary school last weekend was the fire alarm bell in the office.

Frederick H. Junker, a custodian at the school reported to the Sheriff's office that someone had false-alarm an empty school and the bells probably rang all weekend.

Vandals also broke fire hose boxes, removed and set-off two portable fire extinguishers and turned on the fire hose.

House Ransacked
Fred L. Rose complained to Sheriff's deputies that when he returned to his home at 9902 Estrella dr. from vacation last Saturday, he found it broken into.

Rose said the house was ransacked and 15 cents was taken from a piggy bank. In the same vicinity, Frank De Moore, of 9915 Estrella, reported Saturday that someone had entered his garage, upset boxes of Christmas decorations and poured three gallons of paint on the garage floor and in the boxes.

Both Rose and De Moore said they have had trouble in the

past with a boy in the neighborhood.

Pants Pockets Picked
Elda Carovano, proprietor of Garman Ranch Club, reported to the Sheriff's office last week that numerous thefts have occurred in the club locker room. Keys, money and clothing articles have been taken from lockers and the pockets of hanging pants, she said.

Bucket Seats Unbolted
Two bucket seats were reported missing from a wrecked Thunderbird Saturday by Albert Calamars of 2205 El Prado, Lemon Grove. The seats were worth \$120 each, Calamars said. Neighbors said they saw two men with dark, combed-back hair walk up the driveway to the parked auto, observed it for about 10 minutes and departed. The two men were observed Friday night while the Calamar family was away.

Man Arrested
James Celer Moon, 9089 Avocado st., Spring Valley, was arrested last Saturday night at Valley Crossroads Bar and charged with drunkenness and disorderly conduct. Two witnesses were named.

Purse Missing
While she was painting in an adjoining room of her house at 10424 San Carlos dr., S.V., Rose Ann Rogers told Sheriff's deputies Monday that someone took her purse. The purse was on a utility table near the front door of the house, and it contained \$60 and identification cards.

Tricycle Taken
A red and white medium size tricycle was stolen last Thursday from the yard of Anna L. Marriam, 1663 Primera, Lemon Grove. The tricycle was worth \$15.

Chrome Wheels Crooked
Four chrome wheels with tires were stolen from a wrecked automobile last Thursday, it was reported by Harold R. Holliday of Lemon Grove Motors.

The wheels and tires, valued at \$149, were removed from the car, owned by Pacific Finance Corp., while it was parked in storage at L.G. Motors.

Harmonica Hooked
A music-loving bandit last Thursday stole a harmonica and a transistor radio from an auto parked at 2425 Mass., Lemon Grove. Robert Burns, the victim, also reported to the sheriff's office the theft of a bottle of aftershave lotion from the vehicle.

Surfboards Stolen
Gregory Paul Miller, 1620 Larwood rd., and Terry J. Burnworth, 1603 Svea ct., both of Lemon Grove, lost their surfboards last Thursday.

They had left the surfboards overnight at the home of Mrs. Nadie Craig, 8418 Golden, who reported the theft.

Raymond T. Seeley

Rotary Head To Visit Here

Ray Seeley, of Blythe, governor of district 534 of Rotary International, world-wide service organization, arrives here Monday to visit the local Rotary club, one of the 52 clubs in his district.

In addition to addressing about 50 Rotarians at their meeting, he will confer with Dr. Sam Smith, president of Rotary Club of Lemon Grove and other club officers on Rotary administrative matters and service activities.

Seeley is a race horse owner and breeder as well as a farmer in Blythe and is a member and past president of the Rotary club of Blythe.

He was elected a district governor for 1963-64 at Rotary's 54th annual convention in St. Louis last June. He is one of 272 district governors responsible for supervising the activities of more than 11,500 Rotary clubs with a total membership of 535,500 Rotarians in 129 countries around the globe.

"The visit of the governor," Dr. Smith said, "is a time for examining the effectiveness of what we are doing to achieve Rotary goals in community improvement, in youth work, in raising the standards of our businesses and professions, and in doing what we can as a Rotary club and as individual Rotarians to help further international understanding."

Donovan Bill Gets Pat's OK

The Governor last week signed into law a bill by Assemblyman Richard J. Donovan which will provide compensation for attorneys who are appointed by the courts to represent persons who are financially unable to employ counsel. Donovan's bill provides that in counties where there are no public defenders, the court may fix compensation to be paid by the county to appointed counsel in juvenile court proceedings.

"Heretofore," Donovan explained, "attorneys received no pay for such appearances even though they might involve several days of an attorney's time in preparation and hearings. A nominal fee fixed by the courts would at least reimburse the attorney for his time and costs."

Meanwhile Donovan's teenage driver training bill was "pocket voted" this week when the Governor refused to sign the measure. The bill provided that young drivers between the ages of 16 and 18 would not be issued drivers licenses unless they completed an in-school or otherwise accredited driver training course. Donovan's bill had been strongly supported by the Department of Motor Vehicles, Safety Organizations, Insurance Companies, schools and parents.

LETTERS TO THE EDITOR

POLITICS IN EDUCATION—'SURGERY NEEDED'
Dear Editor,

We constantly hear people say we must keep politics out of education. Surely we can all agree that partisan objectives have no place in education. This, however, does not mean we can or must divorce political action from education.

Locally we have elected trustees at both the district and county level, and we have a State Superintendent who is elected by the people. They are recognized as non-partisan offices and non-partisan candidates. Part of political action is to make known our wishes to those in whom we have placed the responsibility for operation of the government. This is just as much our birthright as the ability to vote.

We have a right to restrict the choice of those who administer our schools when we are in disagreement with their choice. Certainly, no agent of government—be it in Washington, Sacramento, in the community, in an elected official or an appointed official—can be tolerated when such agent takes the position that the opinion of the people is of no consequence and must be resisted.

Essence of Dictatorship
There has never been a totalitarian government in the history of the world that was not basically characterized by its resistance to the will of the people! This is the essence of dictators. Webster defines dictator as "one who prescribes rules for others to follow." In our society we find this the most objectionable of the obnoxious. We have a governor who condones such a thing and a State board that practices it. There is nothing in the structure of our State government that would seem to promote such a situation. There is nothing in our State constitution that suggests it. In fact, in the statutes of this State is found a clear and definite statement that cries out against any usurpation of power by government agents of agencies. It is to be found in West's Annotated Section 5495 of the California Code and is as follows:

"The people of this State don't yield their sovereignty to the agencies which secure them. The people in delegating authority did not give their public servants the right to decide what is good for them to know. The people insist on remaining informed

so that they may retain control over the institutions they have created."

Denounces Critics
At the May meeting of the State Board of Education, Dr. Rafferty called the Board's attention to the presence of the "Dictionary of American Slang" in many school libraries and pointed out the character of the book.

Their reaction was to press a resolution denouncing any criticism of the book, and inherently any book of a like nature, and any and all who might protest its use in the schools be they at the local or State level.

They have taken the position "that any pressure to restrict the choice of schools or to remove books from local libraries should be resisted, whether the pressure comes from local groups . . . or from State officials." This means mothers and fathers, local organizations interested in the welfare of children, and even elected officials like Dr. Max Rafferty.

All of them, according to this State Board, must be "restricted" if and when they disagree with the librarians, the teachers and school officials.

Minutes Edited
Two things of interest surround this resolution. First, all reference to any discussion about the book and any action by the Board in regard of it, including their resolution, has been deleted from the minutes of the Board meeting. Second, the resolution, as passed, was addressed to school administrators throughout the State. This evidence of the Board's action is not recorded but the State's school administrators are notified that they must resist the people in their community and any State officials who are critical of administrative policy especially in regard to subjecting students, directly or indirectly, to smut, pornography and obscenity.

This is not just an issue over a dirty book; it goes deeper than that. Obscenity available to school children is bad enough. The greatest obscenity of all is the arrogance of the governmental agency which denounces the right of the people to criticize the government. This the State Board of Education has done. This is a symptom of the disease in the operation of the State which is much more offensive than all the smut, pornography or obscenity to be found in the "Dictionary" or elsewhere.

The focus of infection is the State Board and its president. We must cut out the rot, cleanse the wound, and restore to health the ship of State. A bandaid will not do. Surgery is clearly indicated.

Sincerely,
Mrs. Thomas E. Clabby

Spring Valley Girl Weds At St. John's

Paulette Louise Davis of Spring Valley became the bride of Richard K. Sands of Lemon Grove July 13.

The bride was given in marriage by her father, Cecil C. Barbour of 9113 Akard st., Spring Valley, in a morning ceremony at St. John of the Cross. The Rev. P. Brenne officiated.

Attending the bride were her sister, Mary M., Carol Sue Broch and Mary Jo Quintel. Her niece, Cynthia Renee Barbour, was flower girl and Edward Drieman was ring bearer.

The bridegroom, son of Mr. and Mrs. Herbert Sands, Sr., 1755 Madera st., L.G., was attended by the bride's brother, Joseph, as best man, and Manuel Machido, Donald Willard and Herbert Sands, Jr., as ushers.

Mrs. Edward Karas of National City styled a gown of imported Chantilly lace and puffed sleeves exclusively for the bride. A reception followed the ceremony in the church hall with Mrs. Gayle Sands, sister-in-law of the bridegroom, in charge of catering and decorations. Mrs. Elizabeth Pipes of L.G. made the wedding cake.

Both the bride and bridegroom have attended local schools and are graduates of Sweetwater Union high and Mount Miguel high schools. They are lifetime residents of San Diego County and attended Grossmont Junior College.

The newly-weds are honeymooning in San Francisco and Mexico. They plan to make their home in National City.

CHILDREN'S ART EXHIBIT — Mrs. Eldon Goodall, a teacher in the Foothills Art Association's summer program, discusses the artistic efforts of two of her beginning students. Alison Chase, 12, daughter of Mrs. M. W. Chase, 3107 Citrus, Lemon Grove, sits next to Mrs. Goodall, a Spring Valley resident. The "five-

foot-two, eyes of blue" young lady at far right is LuGene Osborne, 8, daughter of Mr. and Mrs. Wayne Osborn, 9073 Christiana st., Spring Valley. Junior members of the Foothills Art Association are exhibiting their best work during August at the Fine Arts Memorial Center, 8055 University ave.

Dr. Yanchul Takes Bigger L. G. Office

Dr. Stanley Yanchul, who has operated a chiropractic office in Lemon Grove for the past six years, is moving effective August 1. He is moving three doors west from 7624 Pacific to 7610 Pacific. He came here in 1947, taking over the practice of Dr. Frank Weegee, since deceased. The new location, Dr. Yanchul said, will provide more space in which he is installing newer, more modern equipment. He is a member of the state and national chiropractic associations.

Future Michelangelo's To Display Art Efforts

Youngsters of the Heartland area will display paintings and drawings this Saturday at the Fine Arts Memorial Center, 8055 University ave., La Mesa. Junior members of the Foothills Art Association, and youngsters 7-16 years old will be exhibiting their artistic efforts. The exhibit will remain through August at the center, which is open Saturday and Sunday afternoons, 1-5 p.m. A special showing of art work

by children from Casa de Todas in Tijuana also will be displayed. Casa de Todas is a school supported by churches of many denominations in San Diego County, according to Mrs. Donald Morris, a spokesman for the association.

Instruction in art was never available to the Mexican children until April when Mrs. Miguel Flores, a long-time member of the association, volunteered to spend a full day each week in Tijuana as their teacher. Mrs. Flores is also a teacher in the Foothills Art Association's summer program.

Also teaching summer classes were Mrs. Eldon Goodall of 9327 Lamar st., Spring Valley, and Mrs. Blanche Cade, director of classes, of San Diego.

They were assisted by three high school students, Debbie Storton and Donna Storton, of Spring Valley, and Roberta Brackett of San Diego. They will serve as hostesses at a reception Sunday afternoon for the young artists and their guests at the Fine Arts Center. Ribbons will be awarded to outstanding pictures in each age group, and first prize winners also will receive Junior Membership in the Foothills Art Association for one year.

Boosters Work Sans Pay For Youngsters

High school youngsters with ravenous appetites are turning on the lights at Mt. Miguel high school sooner than anticipated, according to Mrs. Val Bierwirth, concessions chairman for the Mt. Miguel Boosters Club, 1963-64.

The Boosters operate a concession stand which sells goodies to the youngsters. All the proceeds above the actual cost of the merchandise go into the Boosters' treasury for campus activities and special youth activities in the community, she said.

The concession stand is staffed entirely by volunteers who do not accept payment for their labor, she pointed out.

Sexy, Sporty Flea Show Opens Friday

Torp's International Flea Circus is causing young and old alike to sit back and scratch their head in amazement. The show opens Friday at the Spring Valley Shopping Center.

The fleas go through their surprising paces with little or no coaxing. Torp guides his insect friends through chariot races, tight rope walking, football games and ball balancing.

A sexy female flea with the exotic name of Babette does her daring tight rope walking act dressed in a multi-colored full feather skirt. For sport fans, two athletic fleas toss a football back and forth on a miniature gridiron. Another flea sits on top of a pedestal and twirls a miniature ball.

Torp gets most of his fleas from foxes and squirrels. "They have a longer life span than dog and cat fleas," Torp explained. "We train them all on a special flea farm."

But, according to a sign on the wall of Torp's flea circus trailer, he is always looking for new kinds of fleas. "We pay 50 cents for new and different fleas," Torp said. "Once we were doing a show when a bunch of children brought their dogs to the show and fleas started hopping all over the place. Occasionally we will run into a rare flea, but it rarely happens."

The fleas perform on a beef blood fuel and are ready to roll through their paces after

Grossmont Receives Nurse Scholarship

Members of the Edgemoor Geriatric Hospital Auxiliary have announced the establishment of an annual student scholarship to a Grossmont College nursing student.

Mrs. Carl Christoph of La Mesa and Eugene Bolton of El Cajon, officers of the auxiliary, called attention to the geographic relationship between the hospital in Santee and the site of the new community college campus in extending this new scholarship opportunity.

"We of the auxiliary represent nearly every section of San Diego County in service to the hospital. We feel that potential young registered nurses should be encouraged to work in geriatrics. Well trained personnel and the help of the auxiliary, we feel, encourages elderly patients to confidence, early recovery, and discharge."

The first recipient of the new scholarship will be selected jointly by representatives of the auxiliary and the college early this spring.
